Quick Resource Guide

Even if you didn't previously qualify for assistance, you may qualify now.

Premium Tax Credits

Thanks to the American Rescue Plan Act of 2021 and the Inflation Reduction Act of 2022, more people now qualify for more financial help through premium tax credits. The level of assistance is based on many factors, including income and household size. Depending on these factors, the entire cost of the monthly premium could be covered.

Get Covered New Jersey

Qualifying residents who purchase coverage through Get Covered New Jersey may be eligible for financial assistance to help lower their monthly premiums and out-of-pocket expenses. If you're not eligible for affordable health insurance coverage through an employer, Medicare, Medicaid or another government program, you're likely eligible for coverage through Get Covered New Jersey.

Cost-Sharing Reductions

People who qualify for a premium tax credit and have household incomes between 138% and 250% of the federal poverty level also qualify for extra savings called cost-sharing reductions (CSRs). This is a discount that lowers the amount you pay for out-of-pocket costs such as deductibles, co-pays and co-insurance.

New Jersey Health Plan Savings

The State of New Jersey provides additional financial help to reduce monthly premiums through a state subsidy called New Jersey Health Plan Savings (NJHPS). This program provides additional help for every eligible person enrolled through Get Covered New Jersey. You may be eligible for NJHPS if your annual household income is less than \$81,540 for an individual or \$166,500 for a family of four.*

Depending on your level of financial assistance, you may be eligible for a \$0 premium.

Learn more

To see how much financial assistance you may be eligible for, get an estimated quote at HorizonBlue.com/calculator.

*Unlike federal tax credits, consumers do not have to reconcile NJHPS on their taxes. Source: Get Covered New Jersey and the NJDOBI (9/21)

Horizon Dental Plans

We have affordable dental plans for you and your family.

Adding a dental plan to your medical coverage makes great sense, because keeping your medical and dental records together gives doctors and other health professionals better insight to treat you. With these plans, you have access to cleanings and oral exams, X-rays and savings for services such as crowns, fillings, root canals and more.

Covering a child under age 19?

Horizon Young Grins

The Horizon Young Grins Plan emphasizes prevention and early intervention through routine oral screenings, evaluations and cosmetic orthodontia, all to help keep those young grins healthy and looking their best.

Horizon also offers these individual and family dental options:

Horizon Family Grins and Horizon Family Grins Plus

The Horizon Family Grins Plan offers the same quality pediatric coverage as Horizon Young Grins, along with dental coverage for parents or guardians. Horizon Family Grins Plus adds out-of-network⁽¹⁾ coverage for members over age 19. Each plan offers coverage for cosmetic orthodontia as well.

Horizon Healthy Smiles and Horizon Healthy Smiles Plus

The Horizon Healthy Smiles Plans offer comprehensive coverage. No out-of-network benefits are included. Horizon Healthy Smiles Plus provides access to the most expansive Horizon dental network available.

Horizon Individual

The Horizon Individual Plan provides 100% coverage for preventive, diagnostic and most basic services with no deductible, copayments or maximums. Coverage for major services is available at a specified coinsurance amount. Your selected primary care dentist will coordinate all your dental care, including referrals to specialists if necessary.

Horizon Centurion

The Horizon Centurion Plan provides on average a 30% discount on all services with no deductible or maximums, no referrals or claim forms, no exclusions and no waiting.

1. Out-of-network doctors and other health care professionals can bill you for the difference between the charges Horizon has agreed to pay and the actual charge for the service.
